

Up-to-date information on protection against SARS-CoV-2

The organizer draws the attention of the participants of the sports event European Championship for Trial on 7 - 8 August 2021 in Kramolín (CZE):

Registered riders incl. persons necessary for the international event who come to the Czech Republic from currently marked countries with high or very high risk of infection (GBR, FRA, DEN, NL) don't have to undergo 5 days of isolation, but before entering the Padock must prove either :

- a national certificate of completed vaccination against COVID-19 (from the second dose of the vaccine in the case of a two-dose schedule or from the administration of a vaccine according to the single-dose schedule for at least 14 days) and at the same time show no signs of COVID-19.

or:

- a certificate of previous COVID-19 disease at least 11 days after the first positive result of an RT-PCR test for SARS-CoV-2, but not more than 180 days.

All others from countries marked with low (NOR, POL, AUT, SLO, GER, SWE) and medium (BEL, EST, ITA, SUI) risk of infection can prove, in addition to the above certificates, the original evidence of a negative antigen test for COVID-19 not older than 72 hours and at the same time do not show any symptoms of COVID-19.

Without this proof, participants will not be admitted to the Padock and riders will not be accepted into the competition. The organizer is not obliged to provide a test place at the venue of the sports event.
